### From Your Pastor: ON MISSION: Always & Everywhere

Well we are still trying to process our experience in India. We were so humbled by the hospitality of the people of India. We went to some villages and the people welcomed us and were so eager to listen to us share the gospel. Many invited us into their homes. Some homes had dirt floors and were only 1 room but they welcomed us in. We went to a leper colony on a Sunday morning and were so warmly welcomed. The lepers are outcast and basically survive by begging (most can't work and nobody will buy from them). We tried to love them like Jesus loved them and they responded with much gratitude. Bro. Gary sent me a message on Tuesday saying that 11 of them wanted to follow Jesus as their Lord. We rejoice in the privilege we had to meet them and provide them with some food and the gospel. Pastor John was touched and has committed to visiting them more often and trying to find a pastor to minister to them.

On Monday we had the privilege of visiting a tribal village in the forest. They overwhelmed us by their gracious welcome. They put a flower garland around our necks, greeted us, showed us their place of worship, cooked a community meal, and then allowed us to share the gospel with them. The Hindu religion is complicated because there are so many gods that people worship (some are just rocks). All we know is that God calls us to labor in the harvest. We sowed gospel seeds. We know the second mission team will water them and we pray for God to save those people. We were able to take them clothes and they were very thankful.

On Tuesday and Wednesday, we were able to train pastors and their wives. They have very little Bible resources in their language. Of the group of pastors, none of them had Bible commentaries and only 2 of them even had a study Bible. Many in their church didn't even have a Bible. Our desire/plan was to provide 5 Bibles to each pastor who came to the training. However, so many of you gave money to help purchase Bibles we were able to provide 7 Bibles to every Pastor and every wife that attended. What a blessing it was to be able to provide these Bibles and they were so appreciative.

We came back humbled and gracious for the privilege of ministering in the name of Jesus. We were able to feed the lepers, provide clothing for the forest tribe, take the orphans out to eat, feed and care for the Pastors who came to the training, and leave a blessing for Pastor John and his family. God gave us a heart to do more for the lepers and to figure out how to help some of the Pastors get study Bibles. We are going to be sending some money to Pastor John to enable him to help with these 2 needs. There are so many needs but God puts certain needs on our hearts and invites us to be apart of His plans in providing for His work.

Thank you so much for your prayers and support. May you join God in His work locally and around the world. You will not regret it! Let us know if we can help you go on mission with the Lord.

Bro. Harold
